Should you rent or buy? Roll the dice and find out BY CHRISTOPHER SHULGAN

You've finally scraped together enough money to get into the real estate game. But just as you're tempted to wade into the climate-controlled condo sales offices and brave the rapacious pitches of sales agents, climb-

ing interest rates and a glut of downtown units make property ownership a potentially risky proposition. What do you decide to do? And how will you fare in five years' time?
